

Wildlife Rehabilitation Center of Central Florida

Mission

- The Wildlife Rehabilitation Center of Central Florida admits more than 1,000 orphaned or injured native wild animals per year, operating 365 days per year. We provide shelter, food, and medical treatment to our patients, rehabilitate and release them back into the wild.
- No funding is received from federal, state, or county governments. [We are privately supported by donations from individuals.](#)
- Incorporated as a non-profit in 1992, The Wildlife Rehabilitation Center of Central Florida is recognized by the IRS as a not for profit 501(3)(c) corporation Tax exempt # 59-3130779, and donations are tax deductible.
